

# Privacy Policy

This privacy policy outlines how the Google developer account abizzzaaar collects, uses, and protects your personal information. By using any of our products or services, you agree to the terms outlined in this policy.

## Information We Collect

We strive to collect as little personal information about you as possible. For example, our first product, JokeGPT, does not store identifiable information like name, email, the Github Pull Request title, or the generated joke. It only collects IP addresses, since as hobbyist developers, it helps us to have an approximation of how often our products are being used by different users.

However, our future products may collect personal information when you interact with our website or use our products or services. This may include:

1. Your name, email address, and other contact information
2. Your IP address and other technical information
3. Information about your browsing behavior on our website
4. Any other information you choose to provide to us

## How We Use Your Information

We use your personal information to:

1. Learn about the usage of our products and services, and improve our products over time.
2. Respond to your inquiries and provide customer support.

We will never sell or rent your personal information to third parties.

## Data Security

We take the security of your personal information seriously and have implemented appropriate measures to protect it from unauthorized access, disclosure, and misuse. This includes storing data in a SOC2 Type 2 compliant database that uses data encryption to provide the best data storage practices in the industry.

## Data Retention

We will retain your personal information for as long as necessary to fulfill the purposes outlined in this policy, unless a longer retention period is required by law. By default, your data will be stored until our products remain published on the Chrome Store, and we continue to serve our customers.

## Your Rights

You have the right to:

1. Access and correct your personal information.
2. Request that we delete your personal information
3. Request a copy of your personal information in a machine-readable format

If you would like to exercise any of these rights, please contact us using the information provided below.

## Updates to This Policy

We may update this privacy policy from time to time. We will notify you of any material changes to this policy by posting the updated policy on our website or by contacting you directly.

## Contact Us

If you have any questions or concerns about this privacy policy or our data practices, please contact us at [abizzzaar@gmail.com](mailto:abizzzaar@gmail.com).
